In the Amendment dated 6/30/2004:

Claim 12, line 1, replace "1" by --9--.

Allowable Subject Matter

2. Claims 1-15 are allowed.
3. The following is an examiner's statement of reasons for allowance: the prior art of record does not teach or fairly suggest, in combination with all the elements recited in each of the independent claim, the disengagement device disposed at the end section of the parallel-guiding device and having a disengagement length sufficient to compensate for an oblique positioning of the storage compartment in and counter to the movement direction arising from an offset of the two rollers from one another along the mating toothed configuration; and being a sloping plane pushing said external toothed configuration out of engagement with said mating toothed configuration in a direction along said given axis approximately before said storage compartment reaches said closing position.

Art Unit: 3637

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
